# ABOUT RYAN PLUS

## Prime Trading

Operates with a solid global network built on long-term partnerships with trusted manufacturers and farmers. Our supply chain stretches across key production regions, from our own tahini facility in Jordan to specialized coffee and tea factories in India, the UAE, and the Netherlands. We also work directly with farmers in the USA, Brazil, India, Sudan, Chad, and Tanzania to secure consistent, high-quality raw materials. This global reach supports a growing and reliable customer base across the GCC, Jordan, and several international markets, positioning us as a strong and dependable partner in diversified trading.
